DETAILED ACTION

Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-6 drawn to an image apparatus comprising an imaging device having a plurality of light-sensitive portions. Classified in class 348, subclass 219.1.
 - II. Claims 7-12 drawn to a display apparatus comprising of a display arrange having a plurality of display pixels. Classified in class 345, subclass 204.
 - III. Claims 13-17 drawn to an image processing method which can provide or display an image in a resolution, which is higher than the number of physical pixels provided by light sensitive portions and display pixels. Classified in class 345, subclass 698 and class 348, 333.11

2. The inventions are distinct, each from the other because of the following reasons:

In the instant case, invention as claimed in **Group I** only teaches an image apparatus comprising an imaging device having a plurality of light-sensitive portions, which does not include a display apparatus comprising of a display arrange having a plurality of display pixels as claimed in **Group II**, which does not include an image processing method which can provide or display an image in a resolution, which is higher than the number of physical pixels provided by light sensitive portions and display pixels in **Group III**. This same reasoning could be performed for all of the groups. See MPEP § 806.05(d).

3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.
4. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement is traversed (37 CFR 1.143).
5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Lin Ye whose telephone number is (571) 272-7372. The examiner can normally be reached on Mon-Fri 8:00AM-5:00PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David L. Ometz can be reached on (571) 272-7593. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
